REVO NC1 SPEAKER MICROPHONE

Noise canceling microphone provides superior voice clarity in noisy environments.

Revo NC1 is a compact and economical speaker microphone with a groundbreaking noise canceling design that delivers clear voice transmission in noisy environments. It is ideal for daily use in a wide variety of environments, including noisy restaurants, casinos, retail, and hospitality. The palm-sized Revo NC1 features a large Push-To-Talk (PTT) button. The patent-pending design provides superior passive noise canceling and excellent voice clarity. It is durable as well, featuring protection against dust and blowing rain.

Small in size and big in performance, Revo NC1 is the perfect speaker mic for most commercial environments.

Mechanical Specifications:

- PTT switch life: 200k cycles
- Tested to MIL-STD-810G blowing/wind driven rain
- 2 year warranty

Environmental Specifications:

- Operating temperatures: -20°C to +60°C
- Storage temperatures: -31°C to +70°C
